

REMARKS

Reconsideration and allowance in view of the foregoing amendments and the following remarks is respectfully requested. This is a Second Supplemental Amendment is supplemental to the Supplemental Amendment filed on May 11, 2010 which in turn was supplemental to the Amendment filed on April 15, 2010.

Claims 25-27, 29-37 and 39 are pending in the present application. In this Amendment, claim 25 has been amended to correct a translation error. Specifically, "an identification of the point of the associated second contour" recited in claim 25 has been amended to "an identification of the associated point of the second contour," which is the correct translation according to the original specification.

Entry of this Second Supplemental Amendment is in order because this supplemental reply is only a correction of a translation error.

Early issuance of a Notice of Allowance is courteously solicited.

The Examiner is invited to telephone the undersigned, Applicant's attorney of record, to facilitate advancement of the present application.
